Vol. 3. No. 121

RUSHVILLE, IND. THURSDAY EVENING, AUGUST 2, 1906.

Single Copies, 2 Cents

SOLDIERS BY THE HUNDREDS

Everything Now in Readiness
For Maneuvers at Ft.
Benj. Harrison.

Two Thousand Regulars Will be
Joined by Guardsmen to the
Number of Three Thousand

Indianapolis, Aug. 2.—When the Twenty-seventh infantry from Fort Sheridan, Colonel W. L. Pitcher commanding, entered Fort Benjamin Harrison yesterday, the last of the regulars sent here for summer maneuvers had arrived and Brigadier General Carter began putting into execution the schedule arranged.

Yesterday was fixed in the schedule as the inaugural day of the maneuvers, but the troops did not get down to actual field work until today. So much time has been required to get camp supplies and in the distribution of rations and tentage, that it was impossible to begin battalion drills yesterday.

The arrival of the Twenty-seventh places the strength of the regular army at Fort Benjamin Harrison close to 2,000, and when the Michigan National guard gets into camp next Saturday there will be about 5,000 men in camp. As yet no foreign attaches have signified their desire to attend the maneuvers at Fort Benjamin Harrison. The war department is inviting all foreign attaches at Washington to attend maneuvers at any of the seven concentration camps, but most of the foreigners are now out of Washington on vacation, and it is likely none will come here. Lieutenant Jas. S. Jones, aid to General Carter, has been notified by the war department of the invitation extended the foreigners, and a fund to provide for their entertainment has been placed to his credit.

When the maneuvers shall have ended two months from now, and the last unburned regular has liked back to his barracks at Sheridan or Snelling or Thomas, it will undoubtedly be said that the Indianapolis camp of instruction was a success, if from no other standpoint than that it was perfect in its sanitary equipment and maintenance. Every measure that will insure good sanitary conditions is being put into effect, and it is not hard to note the pride with which Brigadier General Carter and his chief medical officer, Lieutenant Colonel W. B. Davis, look upon health measures already in force and proving effective.

Fort Benjamin Harrison has undergone almost a complete metamorphosis in the last few days and is rapidly assuming the appearance of a city of canvas. From a comparative wilderness the post has been transformed into a center of unusual activity. Everything is being done in the most skillful military manner. From the very initiatory moment of the camp, every move and act has been conducted in a way that trains and instructs Uncle Sam's splendid fighting contingent.

FIFTEEN CAR LOADS OF CROSS TIES

Greensburg News: "Fifteen car loads of cross-ties for the I. & C. Traction company arrived at Adams Tuesday and are being unloaded today. Ten or twelve more cars are expected to arrive today. The ties will be distributed by the construction crew along the track between Adams and Greensburg.

"The new engine purchased by the Traction company has arrived at Rushville and the construction train on the Greensburg extension will be put out some time this week and the work of laying the track begun."

—B. F. Miller is at Bloomington on business.

—Demp C. Norris and wife spent Wednesday in Indianapolis.

—Attorney Jack Ross, of Andersonville, was in the city on business today.

—T. F. Trusler, of Huntington, Ind., was in the city last evening on business.

I. & C. CAR STRIKES INDIANAPOLIS WOMAN

Rushville Passengers Witness
Accident in the Capital City.

Rushville passengers on out-bound I. & C. car No. 304, yesterday afternoon, witnessed an accident in Indianapolis. Mrs. Kate Suder, 1328 Linden street, that city, was struck by the car as it rounded the curve at Shelby and Prospect streets. The woman suffered injuries about the head which may result seriously. She was removed to her home in the Indianapolis dispensary ambulance by Dr. Rissler, a hospital physician. Dr. Rissler found that she had suffered a concussion of the brain, which he feared would result in cerebral hemorrhage. The woman was conscious but could not remember how or where she was struck. People who saw the accident, however, stated that she was walking on the sidewalk and that the car rounded a curve and struck her before it could be checked. The car is said to have been moving at a moderate speed.

DRUNKS HAULED TO THE BASTILE

The City Police Adopt Sort of
a Patrol Wagon
System.

The city police have adopted a sort of a patrol wagon system and drays are being used to haul the drunks who "get pinched" to the county jail. About 8:30 this morning Policeman Pea arrested John Conner and John Parcell on West Second street, and took them to jail. The men were so drunk that they could not walk and were taken to jail on a dray. When they sober up they will be taken into court to answer to the charges upon which they are held.

WILL THEY EVER GET USED TO THEM

Automobiles Cause Many Accidents but Number is Decreasing.

"Will horses ever get used to automobiles?" is a question that has been asked by dozens of farmers in this county recently.

When the bicycle first came into use the same question was asked. It has been answered after several years time, for horses now pay no attention to them.

While an automobile frightens a horse more than a bicycle, it is safe to say that when the automobile comes to be used as commonly as the wheel, horses will pay no attention to them.

This is becoming the case with electric cars as fewer accidents caused by horses scaring at street cars are recorded every week.

Farmers are getting used to meeting automobiles and take less care to keep from meeting them, preferring to break their horses in as young as possible, as it is now certain that the automobile is with us to stay, just as the bicycle and street cars came into common use. This has been demonstrated by the fact that only a few years ago an automobile, passing through or stopping in our city would cause almost as much interest as a street parade. Now they are owned by many Rushville people and are in almost as common use in the city limits as the buggy or carriage. However, it has been prophesied that the automobile will never come into common use in the rural districts, as the horse has a foothold there that cannot be shaken.

—Samuel Darnell has gone to White county for a visit with relatives.

GOOD HOME-MADE BREAKFAST FOOD

Wheat Thoroughly Cleaned and
Ground in Coffee Mill Beats
all Others—Is Delicious

"All I can say in favor of the majority of breakfast foods sold on the market," said a Rushville lady to her neighbor across the back fence, "is that I got an idea from one of them that I regard as invaluable. Through that means I now make my own breakfast food at trifling cost and it is so much better than the foods usually sold that comparisons are odious.

"How is it made? It is the simplest thing imaginable and goes to show that housewives have, under twentieth century prosperity, lost the art of homely economy practiced by our grandmothers, or some one would have thought of it long ago.

"Here is the process. After the idea came to me I got some wheat—whole wheat—from a mill. I picked it over with care to remove all defective grains or foreign matter. Then I ground it in the family coffee mill. After that I boiled it as I would corn meal 'mush,' and while still warm, after proper seasoning, moulded it in tea cups. Having told that much any woman will know how it should be served. To make a specially attractive dish I insert raisins here and there in the pretty little mounds." Grown-ups like this "wheat mush" and children almost cry for it.

ORPHANS HOME BOY'S PICNIC

There Was Not a Girl Present
to Interfere With Their
Sport.

Twenty-five boys from the Knights-town Soldiers' and Sailors' Orphans' Home spent Tuesday east of Greensburg.

The boys had an enjoyable day and investigated every nook and corner of the neighborhood. No girls were present to interfere with the boys' sport and they followed their inclinations at their own sweet will.

The Home band is rehearsing now-days for the National G. A. R. encampment at Minneapolis, where they will be honored guests of the veterans.

TYPHOID FEVER LURKS IN ICE

What Dr. Davis, President of
State Board of Health,
Says About Ice.

Dr. T. Henry Davis, the veteran president of the State Board of Health, read an interesting paper the other day before the Wayne County Medical Association on the subject of "Typhoid Fever and the Different Modes of Its Infection." On the question of the use of natural ice for domestic purposes he said:

"Among other dangers may be mentioned ice. It being agreed that the freezing of water does not purify it only in a slight degree, and as shown by Kruden Parke and others that it will not kill pathogenic bacteria (disease germs) even if exposed for a long period, it follows that ice taken from rivers or ponds or other sources, when exposed to contamination by sewerage, is suspicious and often absolutely unsafe except for cooking purposes. Manufactured ice is, of course, not open to any of these objections."

—Misses Hattie Carney and Marie Clark will spend Sunday with Dr. and Mrs. N. G. Wills, of Connersville.

SUIT FOR DAMAGES ON AN INJUNCTION

Allen Jackman Demands \$1000
From Big Four—Restraining
Order Granted.

Allen Jackman, of Anderson township, today filed suit in the circuit court against the Big Four R. R. for \$1000 damages and an injunction preventing it from filling a passage way under this tracks that leads from one of his fields to another. Mr. Jackman also asked a temporary restraining order against the road, preventing it from filling the passage way. This order was granted by Judge Sparks until the final disposition of the case.

Mr. Jackman claims to have had a verbal agreement with the road to the effect that the passage way should be left open. He claims that the agreement was made with his father, John Jackman.

CARNIVAL IS BIG SUCCESS

Another Large Crowd Present
Last Night—Electric
Theatre Opens.

Fully sixteen hundred people, it is estimated, attended the Catholic carnival last night. The second night's proceeds were far in excess of those of Tuesday night and of the corresponding night last year.

Wolverton's electric theatre opened last night and gave three performances to crowded houses. This show is an exceptionally good one. Among the moving pictures that are shown are "A Trip to the Moon," "The Lost Child," "The Burning of San Francisco," and "Jack and the Beanstalk."

The vaudeville show given by Moorman Bros. is exceedingly clever, especially the magic of "Marino, the Black Art Wonder." As comedians the Moorman boys make a decided hit. Miss Norma Smith, daughter of Dr. and Mrs. W. C. Smith, furnishes the music for each performance and is being highly complimented for her splendid work. Denning Havens sings some pleasing specialties in a very able manner.

The Rushville band will try to have its entire membership out tonight and another concert will be given, beginning promptly at 8 o'clock.

INFORMATION IS BEING GATHERED

Rushville Ministers Will Re-
ceive Requests For Church
Statistics.

Ministers of every church, Catholic and Protestant, in Rushville, will receive a letter from State Statistician Joseph H. Stubbs, within a few days, asking a detailed statement of church membership and property value. These letters will be in the form of a blank, which is now in the hands of the printer, and Mr. Stubbs hopes to have received the majority of answers within a short time. These figures will be used by the statistician in compiling a set of religious statistics on which he has been working for some time.

The information sought embraces church and Sunday school membership and a strength of affiliated bodies, valuation of property, contributions of philanthropic movements and missions and various phases of church work.

—Wesley Culver and wife, of Los Angeles, Cal., are here for an extended visit with friends in Union township.

CONNERSVILLE MAY HAVE STONE PILE

People of that City Getting
Tired of Harboring Tramps
and Drunks

Incidentally we wonder what became of the stone pile that steps were taken to establish in this city recently. Something should be done to rid this city of tramps and chronic drunks. The O. H. & D. railroad detectives are bringing all the men that they arrest to this city and they are sent to jail where they live easily at the expense of the taxpayers of the county. At all times there are from four to ten or twelve prisoners in the jail. These men are generally tramps and chronic drunks. If they were put to work on a stone pile, they would not break into jail so often.

Connersville is having her troubles with the traction drunks now and the council in that city is thinking of establishing a stone pile.

The ball and chain is said to be barred from use in Indiana, so a high pen topped with spikes where the stone could be stored and the men worked, would probably be necessary for a stone pile in Rushville.

A change in the form of commitment papers to correspond with those used in counties maintaining work houses, would also be necessary.

The usual rule is to provide each prisoner with a task, or as they themselves name it, a "stunt." The pile assigned to each prisoner to be broken is a reasonable day's work. Then his failure to do the work is punished by lessening his food and in case of refusal to work at all, a bread and water diet. It is the general belief that with a nice pile of stone and hammers ready, there would be fewer coming back after serving one sentence.

MONEY IN THE BANKS OF STATE

Grand Army of the Thrifty
Show Large Gain in
Last Year.

There are 702 financial institutions in Indiana, as against 638 in 1905. The resources of all the banks and trust companies of the State in 1906 were \$301,936,662.12. In 1905 these resources were \$268,278,172.07. The increase for the present year over last is \$33,658,490.05. The deposits in the State's financial institutions amounts to \$224,576,356.02. This is again over last year of \$222,951,751.70. Among other items it is shown that the banks have capital stock paid in, \$41,204,700.00; in undivided profits, \$7,769,823.58; the surplus shown amounts to \$12,173,580.42.

In taxes, for the year 1906, the banks of the State paid \$814,819.69. The total expenses of the institutions were \$3,560,877.32. The number of depositors in all the financial institutions of the State has grown in 1906 to 630,903, against 540,112 in 1905.

The oldest national bank in the State is the First National, of Madison, established in September, 1862; the oldest State bank, the People's, of Portland, established in 1873; the oldest private bank, A. T. Bowers & Co.'s, of Delphi, established in 1873; the first trust company, the Indiana Trust Co., of Indianapolis, established in 1893, and the first savings bank, the Lafayette Savings Bank and Trust company, established in 1869.

A CRUSHED STONE PIKE FROM LAUREL TO RUSH CO.

The Franklin county commissioners are utilizing some of the fine stone with which that county abounds by building a road of crushed stone from Laurel to the Rush county line, near Andersonville. About one-fourth of the road is completed and the work will continue until it is finished.

RUSH COUNTY BOY CLIMBING UPWARD

Albert Summerville Becomes
Associate Professor at Cor-
nell University.

Prof. Albert Summerville, son of Ira Summerville, living southeast of New Salem, who for some time has held a position as associate professor of mathematics at Illinois University, has accepted a similar appointment at Cornell University and will leave for Ithaca, N. Y., where the university is located just prior to the opening of the fall term.

Mr. Summerville is rapidly climbing the ladder of success. In securing an associate professorship at Cornell he has gained a position such as are coveted by many who have no doubt been struggling for years in an effort to rise to educational success and fame.

MADE HER OWN FUNERAL PLANS

Mrs. Emma Lewis Passes Away
at Home of Sister in
Circleville

Mrs. Emma Lewis, who had been gradually declining for several months, passed away at 9:10 this morning at the home of her sister, Mrs. Will H. Young, in Circleville. Death is thought to have been due to consumption.

Mrs. Lewis had been ill for over a year. She realized fully that she would die, but seemed resigned and as the end approached, superintended the making of her funeral robes and looked after the other funeral details. Her death is one of the saddest that has occurred in the community for some time.

Mrs. Lewis was thirty-six years of age. She was the daughter of William Sharer, formerly of this city, and was born in Hamilton, O. She leaves two children, Donald and Sarah, who were recently placed in the Bundy Orphans' Home at Spiceland. Besides the sister, Mrs. Young, she leaves two brothers, W. H. Sharer, of Carthage and George Sharer, of this city.

CONDITION OF INDIANA G. A. R.

Semi-Annual Report Shows
Indiana Department in
Good Shape.

Some very interesting figures, particularly to G. A. R. men, are contained in the semi-annual report of the Indiana Department of the G. A. R., which has just been forwarded to Washington by Assistant Department Quartermaster, Gen. J. R. Fesler. The report shows that the number of veterans in good standing is 14,309, with a total of three hundred and ninety-nine posts. During the past six months, two hundred and forty veterans died, and four hundred and three were suspended. One hundred and fifty were mustered in, one hundred and twenty six transferred, and three hundred and thirty-nine reinstated.

The total value of the property is \$14,336.34. Total receipts of the posts were \$63,888.72, and the disbursements were \$61,829.03. The sum of \$560.73 was spent for charity.

The Department of Indiana is thus shown to be in good condition financially and otherwise, and the report to be made to the National Encampment at Minneapolis will be very satisfactory.

RUSHVILLE'S GREAT NEED

Has Many Attractions But
a Y. M. C. A. is
Missing.

Young Men and Boys Have No
Suitable Quarters—The Need
is Plainly Shown.

When a stranger comes into Rushville for the first time, he is attracted by the beauty of the city, its fine streets, its fine court house, the large number of splendid church edifices and its numerous manufacturing establishments busy and prosperous; but above all, one is attracted by the elegant homes, indicating that Rushville is a city of wealth and artistic tastes, and able to have anything necessary for the welfare of the city. Under such environments one naturally looks for everything that is up to date, and makes for the good of the community.

Inquiry brings out the fact that Rushville conducts a fine Chautauqua, an art display in the public schools; is visited by good lecturers and musical organizations and lavishly supports everything that is artistic and aesthetic. To the great surprise of the stranger he finds that Rushville, this beautiful city, with her public spirit, her wealth and attainments, her industrial activity, is without the most up-to-date and useful instrument for the care of Rushville's most precious possession—A Young Men's Christian Association for her young men and boys.

As one goes up and down the streets of our city in the evening and sees the young men standing on the sidewalks and corners, young men whose faces and manners indicate good breeding, character and inclination, which, if turned in the right channel, would be a blessing to any community, with no special place to go, no place where the leisure moments of these young men might be tactfully sued for profit both to themselves and other young men in the city, one is tempted to cry out, "Oh, Rushville, one thing thou lackest; one thing thou lackest."

In a few years this beautiful city will be in the hands of these same young men and boys; is any price too big to pay for their proper development? Is any sacrifice too great for these, your own sons? The whole civilized world is recognizing the value and needs of her young men and the ability of a properly equipped Y. M. C. A. to meet this value and these needs. Millions of dollars are being put into this work all over the land for the sake of the young men, and incidentally for the home, church and nation.

A Y. M. C. A. for Rushville has been discussed many times, but no definite action has ever been taken. A movement for so good a cause, should be put through, and our city given something that it badly needs.

RICHMOND TO HAVE BIG CHAUTAUQUA

Richmond Chautauqua, good as it is has been in the past, will be still better this year. It will convene August 24th, and will last eleven days. Among the noted men and women who will address the assembly are Dr. Charles Zuehl, Senator Dolliver, Dr. Frank Gunsalus, Richmond P. Hobson, Mrs. Pickett, widow of General Pickett, S. D. Foss, Frank Reagan, Capt. Jack Crawford, Richard Carroll and many others.

—Del Hinchman and W. E. Clifton left today to visit Niagara Falls and Toronto, Can.

—J. E. Spradling, wife and son, Birney, are the guests of relatives at Milroy.

—Nathan Farlow, of Arlington, is a member of a party of prospectors in North Dakota.

Backache

Any person having backache, kidney pains or bladder trouble who will take two or three Pine-ules upon retiring at night shall be relieved before morning.

The medicinal virtues of the crude gums and resins obtained from the Native Pine have been recognized by the medical profession for centuries. In Pine-ules we offer all of the virtues of the Native Pine that are of value in relieving all

RUSHVILLE, IND., AUG. 2, 1906.

"A cursory examination of reports sent in by county health officers regarding the sanitary condition of the slaughter-houses in the different towns of the state, show that 95 per cent of them are short of what they should be in a sanitary way." This statement was made by Dr. J. N. Hurty, secretary of the state board of health, after he had spent several hours inspecting the 200 reports that have been sent in by health officers instructed at the last health conference to investigate the condition of the slaughter- and packing-houses. For several days Secretary Hurty will be busy classifying and analyzing these reports. All of these inspections of slaughter-houses have been made under the direction of the state board of health and grew out of the crusade the board instituted some time ago against violators of the pure food laws.

The health authorities admit, since the reports have been received, that they are powerless to move against the owners of these unsanitary slaughter-houses. In some instances the reports show the filthiest conditions. "There seems to be only two ways in which the country slaughter-house can be controlled and kept up to the high sanitary standard that ought to exist," says Secretary Hurty. "One way to do this is by stringent laws enacted by the legislature. Another is by ordinances that might be adopted by cities and towns refusing to admit meats to the markets that are not slaughtered and dressed under the most cleanly conditions."

The hearing of the petition of a number of prominent shippers for the establishment of a reciprocal demurrage between them and the railroads of the state, and for general modification of the rules of the Indiana Car Service association is in progress before the railway commission. This is one of the most interesting cases that has been presented since the commission was formed. The questions involved are not new, however, as the shippers have been complaining for many years about the demurrage charges and the arbitrary methods of the railroad companies in handling freight where there was no competition. Many witnesses have been examined during the hearing.

The state board of tax commissioners is not holding a session this week which was to have been devoted to hearing appeals from county boards of equalization. The number is not as large as usual, so the board has set aside a few days for their hearing next week. The large increase in the assessment of some of the corporations has caused a sensation and will doubtless result in a very active session when the companies make their appeals for a reduction. The corporations have not been hit harder in many years.

When applied and covered with a hot cloth Pinesalve acts like a poultice. Best for burns, bruises, boils, eczema, skin diseases, etc. Sold by Lytle's Drug Store.

READY FOR FLIGHT

The Czar's Private Yacht Lying at Dock With Full Steam Up.

AN ANXIOUS MOMENT

All Russia Is Hanging Breathlessly Upon Developments at the Great Ports of the Empire.

The Mutiny at Sveaborg and Cronstadt Threatens to Involve Entire Baltic Squadron.

Viborg, Aug. 2.—It is reported here that the Russian flotilla stationed at Hango, Finland, has mutinied, imprisoned the officers and sailed to the assistance of the mutineers at Sveaborg.

Helsingfors, Aug. 2.—The latest news from the fortress tends to confirm the report that the mutineers have surrendered. The mutineers undoubtedly had the upper hand until the battleships Slava and Czarevitch arrived on the scene and commenced to bombard them with such telling effect that the central magazine was blown up and the biggest guns in the hands of the revolutionists were rendered practically useless. Commander Toget and 2,000 loyal infantrymen then surrounded the barracks. They were under continual fire from the revolutionists.

St. Petersburg, Aug. 2.—The imperial yacht Pole Star is lying with steam up at the pier below the imperial residence at Peterhof.

St. Petersburg is anxiously awaiting news of the outcome of yesterday's battle between the mutineers and the government forces at Sveaborg. No definite information has been received here owing to the damage done to the land telegraph wires. The advice received by the government by wireless telegraph have not been divulged.

The utmost importance is attached to the conduct of the fleet. According to semi-official intimation, the crews of these vessels are still under the control of their officers, but private advice says that a portion of the crews have been confined below decks for fear of mutiny. There is a rumor in circulation here that four of the ships of the Baltic squadron were in complete mutiny and roaming at large in the Gulf of Finland and that the commandant at Cronstadt had been notified to be prepared for an attack by these vessels. It is worthy of note that a dispatch to an official agency from Helsingfors announcing the arrival of the fleet off Sveaborg and the fact that it opened fire does not mention what it opened fire against.

Vice Admiral Birleff presumably has gone to Helsingfors to assume personal command of the fleet, as it now develops that Grand Duke Alexander Michaelovitch, the emperor's brother, is not with the fleet as previously reported, but at Gatchina with the empress dowager.

The most intense anxiety prevails with regard to a possible uprising at Cronstadt and the general spread of the revolt through the entire naval establishment.

Yesterday morning the 1,500 sailors composing the Seventh equipment quartered at Cronstadt, whose loyalty had been distrusted, found themselves prisoners. The streets of Cronstadt are swarming with troops of the Loyal Guard regiments and the newly arrived men of the Twenty-fourth division, who serve to overawe the disaffected elements.

The commandant at Cronstadt ordered the confiscation of newspapers from St. Petersburg in order to prevent the news of the outbreak at Sveaborg from reaching the islanders. This measure was fairly successful. A group of agitators who went over to Cronstadt attempted to hold meetings and communicate news of the Sveaborg happenings. They were dispersed, however, and fled before the leveled rifles of the soldiers.

The offices of the navy department at Cronstadt are besieged by the wives and relatives of officers on board the ships at Helsingfors, who are frantic over the reports that the crews had arisen and killed their superiors.

SITUATION AT HELSINGFORS

Struggle for Control of Great Fortress Won by Loyalists.

Helsingfors, Aug. 2.—Except in the vicinity of the fort the town presents practically a normal aspect. Large crowds assembled on the quays listening to the cannonade and watching the dense columns of smoke rising from the island. All traffic in the harbor has been prohibited. Regular traffic has been resumed with St. Petersburg. The railroad bridge between Ryhimaki and Ryttylae, which was blown up by members of the Red Guard has been repaired. Prior to the blowing up of this bridge members of the Red Guard seized the Fredericksburg station and stopped the St. Petersburg mail train.

The white flag has been hoisted on one of the islands, but it is premature to say whether the revolutionaries there have surrendered or not. In any event, however, the fire from the

battleship Slava and another warship undoubtedly had it so effect. The mutineers report that the Slava was struck several times by their fire. At one time a boat put out from Sveaborg and was bombarded. The occupant, who were members of the Red Guard, were taken into custody.

Last evening the strike committee declared a general strike beginning at 7 o'clock this morning, having received an intimation that otherwise Helsingfors would be bombarded. The senate has issued special orders to all governors to adopt measures to maintain public order and security and to strengthen the regular forces with civilians.

The revolutionaries of Finland have issued an appeal to the troops to support the people in a fight for land and liberty.

The Sveaborg mutiny first broke out Monday among a sapper battalion which had been disarmed in the fortress. The artillery joined in the revolt and together the mutineers took possession of the forts. The commander of the fortress appealed personally to the men, but his words were unheeded. The mutiny speedily assumed an aggressive character. The commander of the sapper battalion was fired upon by his men and wounded. He was then stoned to death and thrown into the sea. A man named De Livron, attached to one of the torpedo boat destroyers, went out and hauled down the red flag from Skatuden fortress while the mutineers were firing on him. He received four bullets in the breast and died in a hospital during the night.

Warsaw's Turbulent State.

Warsaw, Aug. 2.—It is stated here that in view of the recent outrages in and around Warsaw, the increased energy of the revolutionaries and the inadequacy of the repressive measures at present in force, the governor general has informed the government at St. Petersburg that he will resign unless he is permitted to establish a strict state of siege. It is probable that the government will accept his resignation, as a continuation of the present state of affairs is impossible.

Slain by Black Hundred.

St. Petersburg, Aug. 2.—The report of the murder of M. Herzenstein, former member of the outlawed parliament, in which he was a prominent leader of the Constitutional Democrats, is confirmed. It turns out that he was assassinated at his country house near Terioki, Finland, by men in the pay of the Black Hundred organization.

CHINA IN A FERMENT

Present Uprising Threatens to Assume Great Proportions.

Victoria, B. C., Aug. 2.—Advice were received by the Empress of Japan that the rising in Kiangai and Chekiang provinces is becoming a grave movement, and many believe the rising will assume similar proportions to the Taiting rebellion. Hsinchensien, Chekiang, a large walled city, was captured by the rebels, looted and a garrison of 5,000 left to prepare the city to withstand a siege by imperial troops. Several corps of imperial troops have been dispatched. Magistrate Shem of Hsinchensien was put to death, being tortured in revenge for having summarily beheaded a rebel leader. It was this act which caused the rebels to gather at Sunghien to attack the city. The Roman Catholic and Protestant churches were destroyed, and although the native pastors escaped, six converts were murdered. Large bodies of disbanded soldiers are affiliated with the rebels.

Slain an Hour After Marriage.

Bessemer City, N. C., Aug. 2.—W. M. Brown, a bridegroom of an hour, was shot and killed by John M. Kincaid at the depot here. Brown was married at 8 o'clock to Miss Bettie Perry, a Bessemer City girl. They were escorted to the depot intending to go to Danville, where the honeymoon was to have been spent. As soon as the bridal party arrived at the depot Kincaid, who was there, called Brown aside and walked with him to a nearby room. A moment later five pistol shots rang out. Death was instantaneous. Kincaid gave himself up. It is said that Brown promised to marry Kincaid's sister. Kincaid has a wife and three children.

TERSE TELEGRAMS

The total registration for lands in the Shoshone reservation is 10,583.

The American Federation of Catholic Societies will meet at Indianapolis next year.

Disorders have occurred between Republicans and clericals at a number of points in Spain.

The statement of the United States Steel corporation shows the largest quarter's earnings in its history.

Heavy loss of life is reported from Shanghai because of severe typhoons with lightning and heavy downpours of rain.

An improvement in export demand offset bearish crop advices and caused a steady tone at the close in the Chicago wheat market.

On account of anticipated attacks every mail train running between Moscow and St. Petersburg is guarded by half a company of soldiers.

At the close of business July 31, the public debt, less cash in the treasury, amounted to \$973,856,801, which is an increase for the month of \$9,421,114.

Internal revenue receipts from all sources for the year ending June 30 aggregated \$249,102,738, which is an increase as compared with last year, of \$14,914,761.

WON IN A WALK

Governor Cummins Was Renominated by Iowa Republicans.

THERE WAS NO "ROW"

Anticipated Squabble Over the Seating of Certain Contested Delegates Did Not Materialize.

Friends of the Governor Dominated the Proceedings and the Opposition Frazzled Out.

Des Moines, Ia., Aug. 2.—Governor A. B. Cummins was renominated last night by the Republicans of Iowa. There were three names placed before the convention, those of the governor, George B. Perkins, and S. W. Rathbun. The ballot resulted as follows: Cummins, 933; Perkins, 693; Rathbun, 104. The anticipated "row" in the convention did not materialize, Cummins, as he had claimed all along, controlling a majority of the delegates. His friends were dominant in the majority

ALBERT B. CUMMINS.

of the district caucuses held in the morning and consequently controlled not only the committee on credentials, but secured the adoption of the platform they submitted to the committee on resolutions. The action of the state central committee putting 88 of the contesting Perkins delegates on the temporary roll was not sustained by the committee on credentials, who reported in favor of only 13 of them.

After Governor Cummins was renominated a committee was appointed to escort him to the platform. He made a speech in which he said the thing nearest his heart was the Republican party. George D. Perkins was also called out and received with cheers. He said that in the future as in the past he would be loyal to the Republican party and re-enlisted in its service.

The majority of the other officers on the state ticket were nominated by acclamation, a ballot being necessary only for lieutenant governor, secretary of state, treasurer, attorney general and railroad commissioners.

BAREFACED FORGERY

Is Among the Phases of the San Francisco Municipal Grift.

San Francisco, Aug. 2.—Carrying out his promise to give the departments of the city a thorough house-cleaning, Mayor Schmitz has turned his attention to the board of public works. While no specific charges have yet been made, it is learned that he has uncovered graft that promises to result in a great scandal when all the facts are known. It is charged that by duplication of pay-roll by means of dummies large sums have been taken from the city treasury. Barefaced forgery was necessary to accomplish this.

Strike for Eight-Hour Day.

New York, Aug. 2.—A general strike of members of the Lithographers' International Protective and Benefit Association of the United States and Canada was ordered last night by John A. Hamilton, president of the association. The strike goes into effect today and will affect about 30,000 employees. The eight-hour day is demanded.

Thaw Changes Lawyers.

New York, Aug. 2.—Yielding to the persuasion of her son, Harry Thaw, Mrs. William Thaw has dispensed with the services of the firm of Black, O'cott, Gruber and Bonyne, whom she had retained to conduct the defense of the young man on the charge of murdering Stanford White, and has retained the firm of Hartridge & Peabody.

Tartars Still Fighting.

Tiflis, Aug. 2.—Advices received here from Susha report the situation there to be most critical. The Tartar attacks upon Askeran have been repulsed, but the Mohammedans are assailing the nearby villages. Russian troops have occupied the Tartar positions in Shusha itself.

St. Petersburg, Aug. 2.—According to private advices received here serious military outbreaks have occurred in the province of Samara.

FACTS.

The season for plowing and getting in Spring crops was two weeks earlier last year and ten days earlier this year in MORTON and HETTINGER COUNTIES, NORTH DAKOTA, than in Rush County, Indiana.

They have fine water; they have cheap fuel, and good health. You get land at \$12.50 to \$15.00 per acre that is producing as fine crops as our lands that sell at \$80.00 to \$120.00 per acre.

DON'T forget you are going among hustling, energetic, up-to-date farmers who do things.

DON'T forget that

William H. Brown Company

owns these lands.

DON'T forget to be ready to go with us to see these lands on ANY TUESDAY

NOBLE BRANN.

Beating the Band

is what everyone says we do in laundrying a man's linen, and no one can beat us in this line. When we can't suit the most critical in the beauty of our fine laundry work, they might as well give it up as a bad job to try and find better. It is a waste of words to tell you about our work. It costs very little to test it.

Mrs. Margaret Smiley is in very poor health.

Blue River

Mrs. Anna Barnard had a sudden stroke of paralysis last Sunday morning. Although she soon recovered, she is still in a feeble condition.

Thomas Macy, who for the past two weeks has been in Florida, writes home that he is well pleased with the country and general situation of things, and also states that he has purchased a forty-acre tract of land.

He says he leaves Florida Monday, 30th, and will stop over a few days at Scottsburg prior to his return home the last of this week.

J. L. Winters made a business trip to Carthage Monday.

Mrs. Phoebe Folger had a sudden attack of what was feared to be erysipelas, Sunday morning, but afterward proved to be an affection of a milder form and is considerably better at this writing.

Porter Pope, of Greenfield, spent Sunday and Monday in this vicinity.

Rev. Formohlen, of Upland, came Tuesday and commenced a series of meetings Tuesday night at the Friend's church. They lasted Wednesday and Thursday night and Thursday night.

The State Board of Agriculture has completed arrangements whereby the former world's champion trotter, Jay-Eye-See, will be brought to Indianapolis for exhibition during the State fair. The horse is 20 years old and has long been retired to his owner's farm at Racine, Wis., and will take this one trip before he dies.

Jay-Eye-See made his world's mark of 2:10 1/4 at Providence, R. I., over fifteen years ago. Maud S. beat his mark and little has been heard of him since then. He is a gelding and has been kept in luxury by his owner, J. I. Case.

While at the State fair the horse will appear in the harness he wore at the time his marks were made. He will not be raced, of course, as he has not been on a track for many years.

What Mrs. James Brooks, 515 Harrison St., Says

I bought a piano from Carlin & Lennox Piano House of Indianapolis and am pleased to say that it is perfectly grand.

All who have tried it pronounce it the best in the city, which I believe it to be. I will be glad to show it to any one who likes to look at a beautiful piano.

You would be very much surprised to know how reasonable I bought this fine piano. I would advise you to see their agent, Mr. E. H. Fee and get his price and terms. Respectfully,

MRS. JAMES BROOKS, 515 Harrison St.

Every form of distressing ailment known as Piles originates internally. Manzan is put up in collapsible tubes with nozzle, so the medicine can be applied where it will do the most good and do it quickly. If you are suffering with piles you owe yourself the duty of trying Manzan. Sold by Lytle's Drug Store.

ALLEGED INCENDIARY

Arrest Made at Kirklint in Connection With Recent Fire.

Frankfort, Ind., Aug. 2.—Charged with having started the fire that practically wiped out the business section of the town of Kirklint one week ago, Charles McCay, in whose place of business the blaze was first discovered, is under arrest and is now a prisoner in the Clinton county jail.

The arrest was made by Sheriff Haggard on information furnished by detectives engaged to work on the case by the insurance companies and the merchants whose property was destroyed.

McCay occupied a two-story brick building, the first floor of which was used as a grocery and the second as a furniture store. The fire started about the center of the building near a pile of mattresses, and the detectives assert that they have strong circumstantial evidence that McCay fired the building. McCay is about thirty years old, married and has a family.

He refused to talk about his arrest. McCay carried \$4,500 insurance on the stock and building, which it is ascertained was worth \$4,000.

Woman Kills Monster Snake. Corydon, Ind., Aug. 2.—Mrs. Phillip Parger of Taylor township has been missing her geese and ducks at a large pond for three years, and it was supposed that turtles were responsible for the loss. Yesterday while watching for turtles, Mrs. Parger saw a snake crawl out of the water and take a position on the bank, and with her rifle she killed it. The snake was of the moccasin variety.

Teeth Proved Effective Armor. Goodland, Ind., Aug. 2.—While the Wallace circus was exhibiting at Goodland, a colored stake driver on the outside of the tent got into a quarrel with the foreman, and was shot. The bullet entered one corner of his mouth and was caught between the teeth on the opposite side without drawing blood. The shot was fired at close range and the bullet dislodged a tooth.

WANTED—Everybody to use our RAT PASTE kills mice, ants and roaches HARGROVE & MULLIN DRUGGISTS. 7-261f

A hundred years ago the best physician would give you a medicine for your heart without stopping to consider what effect it might have on the liver. Even to this good day cough and cold medicines invariably bind the bowels. This is wrong. Bee's Laxative Cough Syrup with Honey and Tar acts on the bowels—drives out the cold—clears the head, relieves all coughs, cleanses and strengthens the mucous membrane of the throat, chest, lungs and bronchial tubes. Sold by Lytle's Drug Store.

Kodaks, Cameras and Supplies.

Kodaks from \$1.00 up.

Cameras from \$12.00 up

Take a Kodak with you on your vacation trip. You will enjoy your trip much better. It will be pleasing and interesting. Remember you can buy a Kodak from 1.00 up.

Ashworth's Drug Store. The Busy One.

Clothes need not be a burden to you if you wear the right kind. Should a man go around without a collar on and in his shirt sleeves? If you do, will others think much of you? If others think well of you their good opinion will put you forward. No man is independent. We can help to put you forward by dressing well, you and your little men (if you are lucky enough to have them). We have put our summer goods (which you yet have a long time to wear) into the slaughterhouse. See how cheaply we can make you appear well and yet keep you cool. Coat and Pants from \$5.00, \$6.00, \$7.00 up to \$12.00.

Miss Gladys, daughter of Mr. and Mrs. A. N. Matlock, is suffering from a very sore foot the result of stepping on a nail.

Miss Anna Ross, of Richmond, who is the guest of Mr. and Mrs. Harry A. Kramer, is ill with symptoms of typhoid fever.

John O'Neil, of Jackson township, who is preparing to move to this city soon, will build a new house on his North Perkins street lot.

Frank Trennepohl, living on the O. E. Humes farm in Noble township, had twenty-one acres of wheat that averaged 42 bushels to the acre.

William Lee Popham delivered a lecture to men only last night at the court house. His temperance lecture Tuesday night was largely attended.

Fruit lovers have small cause for complaint this year. Small fruits have been plentiful and choice and the prospects for the staples, particularly apples, are excellent.

A large number of boys took advantage of Bliss & Cowing's excursion to Indianapolis today. The Summer band came over early this morning and accompanied the excursion.

The next reunion of the One Hundred and Sixty-First Indiana Volunteer Infantry will be held in the Supreme court room at the State Capitol, Indianapolis, September 12th.

Curt Goshell's horses were reasonably successful at Dawson, Pa., last week. He won first money with Lady H. and Irene Flower; second money with Gilt Edge and Flying Jim, and fourth money with Billy Redfield. He is at Erie, Pa., this week.

Connorsville News: Frank Quinn, Wednesday, celebrated his 73d birthday anniversary with a most excellent dinner at his home on Fayette street. Mrs. Frank Sefton and daughter Gertrude of Rushville, Ernest Lewis and wife and several other relatives spent the day with Mr. and Mrs. Quinn.

The gas well drilled for the Rushville Natural Gas company by Ed Adkins, of Carthage, on Mrs. Margaret Beale's farm, northwest of the city, was shot about 10 o'clock yesterday morning. A gusher was secured. The roar of the gas could be heard for half a mile. The well is the best that Mr. Adkins has drilled in five years.

New Castle Courier: Robert E. Mansfield, United States consul at Lucerne, Switzerland, spent the day in the city with W. H. Elliott and family and other friends. Mrs. Mansfield is at Rushville and was unable to accompany her husband to New Castle on account of illness. They will leave in a few weeks for Europe.

A marshmallow toast and moonlight picnic will be given tomorrow night at stop 28 along the traction line.

Two stray hogs were found by the police today near the Big Four depot and placed in the Big Four stock pens.

A fine horse belonging to Seth Moore, which has been ill with pleural pneumonia for several days, is recovering.

W. E. Clifton has finished fencing the Norris school house in Jackson township. He will also fence the Porter school.

The people of Arlington have awakened to the advantages of cement walks and new walks are being placed in various parts of the town.

Mrs. J. M. Young, of Richland, who was so seriously injured a few weeks ago in a fall, is able to move around some with the aid of a cane.

Work at the I. & C. power house is rapidly being completed. Several of the contractors have completed their part of the work and gone elsewhere.

It is very probable that Hon. Jas. E. Watson will be the speaker at the Old Settlers' picnic which will be held in King's Grove, north of Center ville, Saturday, August 18th.

While at work in his elevator at Arlington, recently, Elmer Hutchinson fell into one of the grain sinks and cut a bad gash across one of his legs. Five stitches were required to close it.

The City Health Board and the police have been making a canvas of the town and looking after weeds that have not been cleaned out, vaults that have not been cleaned and other nuisances.

Hutchinson & Son, proprietors of the elevator at Arlington, one day recently received 92 loads of wheat, or nearly 6000 bushels. All of the wheat weighed over 60 pounds to the bushel.

Company M. of Greenfield, one of the crack companies of the Indiana National Guard, is making preparations to go into camp at Ft. Benjamin Harrison, with the rest of the State troops August 13th.

While threshing on the John Kuhn farm, north of Homer, John Steele and Charles Cassidy hauled a load to the machine that threshed 109 bushels of wheat. Beat it if you can. The wheat made 28 bushels per acre.

The I. & C. company's locomotive which hauls the gravel trains through town, is so constructed as to easily make the curves with its long string of cars. With its long string of cars, however, the engine sometimes "gets stuck."

The four stingiest men in the Sixth district were all in Connorsville a few days ago, at the same time. The first wouldn't let his boy sit down on their five mile drive to town for fear he'd wear out the seat of his Sunday trousers. The second of them won't drink as much water as he wants unless it's out of another man's well; The third forbids any of his family from writing but a "small hand," because it is a waste of ink to make big letters. The fourth stops his clock at night in order to save wear and tear on the machinery. All of them decline to take their home paper on the ground that it is a terrible strain on their spectacles to read newspapers, even in the daytime.

The rapid and substantial growth of Osteopathy is due to genuine merit. The treatment is thoroughly scientific. The Osteopath will take pleasure in explaining the science to you.

DR. J. B. KINSINGER OSTEOPATH.

Phone 281. Rushville, Ind.

General practice. Office and residence 28 W. 5th St. Office hours: Monday, Wednesday and Friday, 8 a. m. to 4 p. m.; Tuesday, Thursday and Saturday, 5 to 8 p. m.; other hours by appointment.

The People's Gas company will begin drilling a number of wells north of town, about the 10th inst.

Mrs. Curt Goshell has returned home to Cambridge City after a short visit with friends in Rushville.

The racing at the O-good fair next week promises to be unusually good. The Ripley county races always draw good crowds, for it is generally known that none but good ones are even allowed on the program.

Mrs. Edna A. Greene is very ill at her home near Centerville, the result of a severe operation for relief of an abscess. She is the daughter of the Rev. E. B. Westhafer, a member of the North Indiana conference.

The black horse driven by Arlie Muster to Geo. C. Wyatt & Co.'s delivery wagon, fell on the C. H. & D. crossing on Main street this morning and came near breaking its leg. The animal's foot became fastened between a rail and one of the boards. The horses' leg was badly sprained.

The good old game of croquet is getting back into favor, and is being played a great deal in this city. Croquet is not as exciting as some other games, but nevertheless there's science in the game, and the player must have steady nerves a clear eye and a cool head.

Greensburg News: The Greensburg Reserves, who were defeated at Moscow Sunday, will have a chance to even up the matter when they come here Sunday, Aug. 12th. The Moscow team has been defeated but once this year and the Reserves think they can hard them their second defeat. The game will be played at the fair ground.

A special from Lewisville to the New Castle Courier says: "W. S. Vandermere, aged 40 years, died at his home, one mile east of here Tuesday evening at 5 o'clock of typhoid pneumonia. His wife survives him. Funeral and interment at Raleigh, Thursday afternoon. For years, Mr. Vandermere ran a restaurant here and was a member of the Odd Fellows lodge."

SOCIETY NEWS

Cambridge City Tribune: Walter Waddell is entertaining this week Mrs. Lulu Weeks and Miss Mary Jackson, of Rushville, Misses Nellie and Ruby Currier, of Marion, Kansas, and Miss Nellie Shaw, of Richmond.

Greensburg Review: Word received from Col. M. D. Tackett who went to St. Vincent's hospital yesterday, states that the physician in charge gives him no hope and informed him that his days are numbered.

H. B. Ward and two daughters, Miss Luedith Ward and Mrs. Orril Montayne, will leave this evening for Niagara Falls. They will also visit Mr. Ward's childhood home in Western Pennsylvania before returning home.

BY THE WAYSIDE

Dr. Will S. Coleman, who is examining the recruits for the proposed militia company here will never forget his experiences, while a member of the hospital corps in the State Guard, several years ago.

When Dr. Coleman enlisted in the hospital corps he knew about as much about military ways as a hog does about Sunday. During Dr. Coleman's first day in camp he was sitting in front of the hospital tent, taking life easy, seeing the sights and with nothing to do but to occasionally brush away an affectionate fly that played about his face. There was no bone sawing to do nor pills to dispense.

"Two officers came along," said Dr. Coleman. "At least they looked like officers. I wasn't sure whether they were or not. Their uniforms were rather elaborate and I could not help admiring them. I was sizing them up when they passed and wondering where they were going. Suddenly some one said 'Get on your feet, there! Get on your feet.' I looked around to see who it was and who they were talking to. I found the two officers looking at me. One of them said 'Get on your feet, there! What's the matter with you?' I jumped to my feet in amazement, wondering what was the matter and what was coming next. 'Salute. Why don't you salute?' said one of the officers in no uncertain terms.

"I had heard of that word salute before, but I didn't know exactly what it meant. From the tone of their voices and their looks, I saw that I was supposed to do something, so I took off my hat. The two officers went away laughing, and then the captain of the hospital corps came out and called me down. 'Do you know who those two officers were?' he asked. I said no, and then he told me that they were Brig. Gen. McKee and the Adjutant General of the entire State forces. It wasn't long until I knew how to salute and then I always saluted."

DOC SAYS: He laughs best who laughs last, but a poor bargain 'is a damper to good spirits.
